

BATTLESHIP IS DESTROYED

Explosion on British Ship
Bulwark While Lying
in the Thames.

NEARLY 800 ARE LOST.

Malachite, Former Canarder, Sunk by
Germans—Cymric, Former White
Star Liner is Reported Sunk.

Sheerness, England, via London,
Nov. 27.—The British battleship Bul-
wark was destroyed by a terrific ex-
plosion as she lay off here yesterday
morning. There are only 14 survivors
from the crew of 700 or 800 men who
were aboard.

The explosion is believed to have
occurred in her forward magazine.
Whether it was caused by accident or
design is a question to be deter-
mined by the commission which has
been appointed to investigate.

In the opinion of naval men, it was
an internal explosion that put an end
to the battleship which for twelve
years had done service at home and
abroad, and lately had been doing
her part in guarding England's shores.
There was no great upheaval of wa-
ter, such as would have occurred if
she had been torpedoed or struck by
a mine.

Instead, the ship was enveloped in
smoke and flame, and when this had
cleared nothing could be seen but
wreckage floating on the water.

Houses in towns seven and eight
miles away were shaken by the ex-
plosion, and even before men on ships
anchored nearby could reach their
own decks, the Bulwark had disap-
peared. The neighborhood was strewn
with an enormous amount of wreck-
age, while pieces of ship were thrown
six or seven miles onto the Essex
shore.

The British battleship Bulwark, 15,
600 tons displacement, was laid down
in 1899 and completed in 1902. She
was 411 feet long, 75 feet wide, and
drew 29 feet of water. Her arma-
ment consisted of four twelve-inch,
twelve six-inch guns, sixteen twelve
pounders, six three pounders, and
four submerged torpedo tubes. She
had a complement of 750 men.

Sheerness is on the Thames, at the
mouth of Estuary of the Medway. It
is 35 miles down the river from Lon-
don.

London, Nov. 27.—That the activity
of German submarines in the North
Sea and English Channel continues
unabated is shown by the blowing up
of the British steamship Malachite
while bound from Liverpool to Havre.
The Malachite, which was owned by
the Cunard Line, was stopped 3 miles
west of Cape la Heve by a German
submarine, and her crew was given
ten minutes to get into the ship's
small boats. When this was done, the
submarine fired a torpedo, which
sank the English merchantman. Then
the submarine disappeared, leaving
the Malachite's sailors to make their
way to Havre, which they did in
safety.

Unconfirmed rumors were circulat-
ed in shipping circles today to the
effect that the British converted
cruiser Cymric, formerly a White
Star liner, has been sunk by the Ger-
mans in the North Sea.

Sheerness, England, via London
November 27.—The destruction of
the British battleship Bulwark at
7:53 yesterday morning is said to
have been due to the fall and burst-
ing of a twelve inch lyddite shell in
her magazine.

ALEXANDRIA HOSPITAL

Annual Meeting of Board of Trustees
Will Be Held Tonight.

The annual meeting of the Board
of Trustees of the Alexandria Hospi-
tal will be held tonight at 8 o'clock
in the rooms of the Chamber of Com-
merce when officers for the ensuing
year will be elected and reports re-
ceived from the committee on plans
and building for the new hospital and
from the finance committee showing
the payment of pledges up to this
time.

NEWS OF THE DAY

The young woman who became
the bride of Richard Croker, the
former Tammany chieftain, is in
New York yesterday. Her name is
Princess. Her tribal name among
the Cherokees, whose alphabet she
invented, is Ketaw Kaluntuchy.
On the lecture platform she is Beula
Benton Edmondson, the daughter of
a Scotchman, who married the Prin-
cess Sequoyah.

Two persons were killed with an
axe in a costly country residence near
Miami, Fla., early Wednesday and
the house then destroyed by fire,
with the evident intention of conceal-
ing the crime. The dead are Adam
A. Boggs, a widely known Florida
lawyer, and Marjorie Boggs, his
daughter. The attorney was 45 and
the young woman 18 years old.

A general strike of seamen affect-
ing all lines sailing from British
ports was called Wednesday. Ma-
rine traffic, which already was cri-
pled as a result of the war, has been
paralyzed completely by the seamen's
general strike. The workers de-
mand increased wages because their
risks are increased by the war. Sixty
thousand men are out.

William J. Hill, formerly a guard
at San Quentin, Cal., penitentiary,
was exasperated to insane frenzy
by a trivial quarrel at the breakfast
table and, running wild, killed two
persons and then committed suicide.

One rider was killed and two others
seriously injured, one probably
fatally, in the second annual 3004
mile motorcycle race at Savannah,
Ga., yesterday over the Savannah
motor race course.

The launch from the American
cruiser Tennessee which attempted
to enter the closed harbor of Smyrna
was given a signal that she was ap-
proaching a mine field before the
shots were fired as a warning to the
little craft, according to the expla-
nation of the Turkish minister of war
to American Ambassador Morgenthau.
This was announced by Sec-
retary Bryan last night.

One of the palaces at Messina, It-
aly, damaged by the earthquake in
1908, owing to bad weather, suddenly
collapsed, burying three families in
the ruins. Rescuers immediately
went to work, and saved two child-
ren and two women, the latter badly
wounded. Later the bodies of a man,
a woman, and a boy were recovered.
It was ascertained that five persons
were still buried under the ruins.

A dispatch to the Havas Agency
from Venice says that Cardinal Ar-
sides Cavallari, patriarch of Venice,
died yesterday.

An Austrian refugee who was
wounded in the Galician campaign
makes the following statement: "The
physically unfit, including the halt,
lame, and purlined, are now leaving
their homes to fill the terribly de-
pleted ranks of the Austrian army.
The Austrian equipment is so scarce
that new recruits must wear the torn,
stained garments of the wounded and
sick. The great discontent which pre-
vails among the troops is punish-
ed by flogging. I have seen sol-
diers die after such treatment."

A dispatch to the London Daily
Chronicle from a correspondent in
northern France says: "Wednesday
about noon a tremendous explosion
was heard and felt for miles along
the allies' line. The source of the
explosion apparently was behind the
German line. Later it was learned
that a British naval airman had
dropped a bomb squarely on a Ger-
man ammunition train, which blew
up."

An unidentified man about twenty-
three years old, walked into the
Adelphi Hotel at Philadelphia Wed-
nesday night, rapped at the door of
the room occupied by M. G. Condon,
president of H. B. Underwood and
Company, machinists, and demanded
a large sum of money. When Mr.
Condon refused to give him the
money the young man shot him down
in the presence of his wife. Then
he walked into the corridor, placed
the muzzle of the revolver in his
mouth, and blew off the top of his
head. Mr. Condon is dying in
Jefferson Hospital. The man who
shot him died instantly.

NEGOTIATIONS ARE AGAIN PROGRESS

Attempts to Bring Under-
standing Between Villa
and Carranza.

MORE TRANQUIL NOW.

Formal Establishment of "Govern-
ment of Mexico" in Vera Cruz—
Carranza Has Garrison of 8,500.

Washington, Nov. 27.—Negotiations
are again in progress between Villa
and Carranza for a peaceful solution
of the entire Mexican problem. That
is said to be the real reason why
Consul John R. Silliman went to Vera
Cruz to join Carranza. The leaders
of the various Mexican factions are re-
ported to be desirous of making at
least one additional effort to get to-
gether before beginning a final bat-
tle with their armies for the mastery
of the nation.

Meanwhile the permanent commit-
tee of the Aguas Calientes Commis-
sion, headed by provisional president
Gutierrez is reported in dispatches
reaching the State Department as
due to leave Queretaro today for Mex-
ico City. So far Villa is still outside
of the Mexican capital, but he and
Zapata are in accord, the State De-
partment says, and his entry into the
city is expected very soon.

Confidential State Department ad-
vices today from Consuls Silliman
and Canova and from Special Agent
Carrothers with Villa all agree that
Mexico at the present time is more
tranquil than in a long time.

The report that the American rear-
guard was fired on as it was leaving
Vera Cruz is discredited at the War
Department.

Vera Cruz, Mexico, Nov. 27.—Gen.
Venustiano Carranza today formally
established his "government of Mex-
ico" in Vera Cruz.

The last of the Carranza military
forces marched into the seaport dur-
ing the early morning; bringing the
strength of the garrison up to about
8,500 men, foot, guns and horses.

O. F. C. OFFICERS INSTALLED.

These officers of Fitzgerald Council,
No. 459, Knights of Columbus were
installed Wednesday night by Harry
Bailey, of Petersburg, Va., district
deputy: C. T. Hellmuth, grand
knight; M. E. Greene, deputy grand
knight; Charles Corgan, chancellor;
James Callan, financial secretary;
F. T. Quinn, recorder; the Rev. L.
F. Kelly, chaplain; A. A. Lucas, Sr.,
warden; A. A. Lucas, Sr., inside
guard; John T. Harrington, outside
guard; John Bayne, trustee, and Eu-
gene Gorman, organist.

DIED FROM INJURIES

Deceased Was a Native of Alexan-
dria County, Virginia.

Dr. William H. Wunder, member of
the dental firm of Wunder and Rowel
of Washington, who was injured in an
automobile accident yesterday morn-
ing, died at Emergency Hospital last
night without regaining consciousness.

Dr. Wunder was injured at Scott
circle when a tire on a front wheel
of his automobile exploded, causing
the machine to turn over. Dr. Wunder
fell on the back of his head sustain-
ing a compound fracture at the base
of the skull, dislocating his right
shoulder and receiving internal in-
juries.

Dr. Wunder was a native of Alex-
andria county, Va., where he was born
in 1860.

C. J. RIXEY'S CASE

Counsel for Convicted Banker Ap-
pear Before Court of Appeals
Today.

Claiming that C. Jones Rixey, for-
mer president of the Virginia Safe
Deposit and Trust Corporation of
this city, has been ordered to the
Southwestern Asylum for the Crimi-
nally Insane at Marion, Va., without
due process of law and that the act
of the general assembly of Virginia
providing for the commitment of
persons to that hospital was invalid
because there was no such hospital
at the time of the order for Mr. Rixey's
commitment there, and alleging
other grounds for the release of their
client, Attorneys John L. Jeffries,
of Norfolk and James R. Caton, of this
city, appeared before the Supreme
Court of Appeals of Virginia this
morning and asked for the release of
Mr. Rixey on a writ of habeas corpus.
The court took the application under
consideration and will set a date for a
hearing.

Many interesting points of law are
embraced in this attempt of Mr.
Rixey to secure his release from the
asylum, the principal one being on the
validity of the act of the general as-
sembly in reference to the criminal in-
sane. When Mr. Rixey was placed
in the custody of the City Sergeant
Cox, of Alexandria to be removed to
Marion the hospital had not been com-
pleted and he was temporarily placed
at Staunton where he is still con-
fined.

Another point brought up by his
attorneys is that the corporation
court of this city did not have the
right to have a lunacy commission
appointed to examine Mr. Rixey's
sanity as he had already been judged
insane by a commission held at
Orange, Va., September 9th, 1911.

The four grounds for the writ of
habeas corpus are as follows:

1st. That the Act of the General
Assembly of Virginia under which
C. J. Rixey was committed by the
order of the Corporation Court of
the city of Alexandria entered on the
14th of February 1912 to the custody
of the Sergeant of the city of Alex-
andria to be by him delivered to the
Superintendent of the Southwestern
State Hospital for the Insane at
Marion, to be there confined, in the
Ward for the Criminal Insane, was
invalid because the act under
which the order of the Corporation
Court was made was inoperative at
the date of the order, and because
there existed at that time no such
Ward for the Criminal Insane.

2nd. Because the order of the
Corporation Court violates the pro-
visions of the second paragraph of
Section 8, Article 1 of the Constitu-
tion of Virginia.

3rd. That the judgment of the
Commission of Lunacy held in the
County of Orange on the 9th of Sep-
tember, 1911, was res adjudicata,
and therefore the Corporation Court
could not proceed any further with
the case until the defendant was
discharged from the Western State
Hospital for the Insane at Staun-
ton.

4th. That the order of the Corpora-
tion Court was invalid, because not
authorized by the Act which the or-
der was entered.

POLICE FORCE INSPECTED.

Commissioners Hold Out Hope For
Increased Pay.

The semi-annual inspection of the
Alexandria police force by the board
of police commissioners was held
Wednesday afternoon in the police
courtroom, with all of the members
of the force and Commissioners Shinn
Knight, and Schwarzmann present.
Mayor Fisher was out of the city,
and Courtney Acton who was elected
a member of the police board at a
meeting of the City Council Tuesday
night, had not taken the oath of of-
fice.

After a critical inspection of the
uniforms and equipment of the of-
ficers, the commissioners congratulat-
ed them upon their appearance.
Commissioner Knight told the men
that there were many rumors of in-
fringements of the rules laid down by
the police board, and warned them
to be careful of their conduct. He
read specifically the section that for-
bids policemen entering saloons, ex-
cept in the discharge of their duty.

The commissioner predicted that when
the City Council could grant the police-
men an increase on salary soon, the
city's finances will permit.

DARING ATTEMPT TO MINE TRENCHES

German Sappers Succeeded in
Coming Well Up to
British Lines.

PLAN IS DISCOVERED.

Cannonading and Infantry Attacks in
Flanders Continue—Attempt to
Bridge Yser Frustrated.

Paris, Nov. 27.—A daring attempt
to mine allied trenches in the vicinity
of Arras was reported today. Ger-
man sappers had succeeded in carry-
ing a mine trench well up to the Brit-
ish lines working under cover of
darkness. Only the discovery of the
enemy prevented the blowing up of
the Britons, with enormous loss of
life.

Heavy cannonading, with intermit-
tent infantry attacks, continue today
along the great battle line stretching
across northern France and Belgium
in the Vosges operations are largely
suspended, owing to heavy snows. On
the northern end of the line, however,
the Germans continue their activity,
so far as the weather will permit.

An attempt to throw a pontoon
bridge across the Yser was frustrated
by an armored train of the allies. It
broke off the Germans who had all
but completed their work.

Aviators have succeeded in dropping
bombs in several German positions.
They have destroyed great quanti-
ties of supplies and many provision
trains.

The intense cold causes the great-
est suffering in the allied trenches
of the present position are to be
held throughout the winter military
authorities realize something must
be done to allay the suffering of the
troops.

They are now considering a plan of
electricity heating the main trenches.
Engineers have held this as feasible
as the successful expedient of charg-
ing wire entanglements with electri-
city.

FOOT SPECIALIST COMING.

Representative of Dr. Schell Will
be Here Next Week.

People who have feet troubles will
be glad to know that A. Katz, the
well known shoe dealer, has made
arrangements to have a demon-
strator of the devices invented by Dr.
William M. Schell here next Friday
and Saturday. The demonstration
will be absolutely free and there is
no obligation to buy. Among the
things to be shown are the school
cassers, arch supporters, bunion re-
ducers, and other foot fault correc-
tors.

The efficiency of each article will
be shown and suggestions made that
will remedy all troubles of the
feet.

VA. A. C. ON TOP.

Add Another Victory by Defeating
Engineers Yesterday.

The Va. A. C. yesterday added an-
other victory to its string by defeat-
ing the heavy Engineer team by the
score of 29-0.

The team work of the home team
was the best exhibition given this
season.

On the offense, the interference
given the runner was as near per-
fect as any club team could give
which enabled Va. to make their way
to the goal line.

Two of the Va. touchdowns were
made by spectacular end runs follow-
ed by B. Wenzel over the goal line,
while the other was made by
trick plays hitting off tackle.

On two different occasions one of
the big Engineers backs ran through
the Va. line for long gains and look-
ed very much at both times as if he
might get away for a touchdown but
was brought down by the pretty
tackles of J. Wenzel.

The defense work of W. Nalls was
nothing short of wonderful in back-
ing up the line and stopping the
heavy backs of the Engineers for on-
ly short gains.

The line from end to end played a
great game against the heavy op-
ponents one would think judging from
appearances would rip the Va. line
to pieces in every play. Frank Cock-
erel and B. Wenzel, the two ends were
in every play no matter if it were
around the end or through the line.

The tackles and guard positions
were well taken care of at all times
while in center Hayden was every-
where. When it was thought the game
was well in hand Cockerel and Wen-
zel were replaced by Haynes and Bos-
well who played well.

The management is trying to ar-
range a game with the strong Takoma
A. C. for next Sunday.

GERMANS MEET WITH DEFEAT

Experience Greatest Dis-
aster Since Beginning
Of the War.

CAUGHT IN OWN NET.

Rout Complete—Teutons Abandoning
Everything in Attempts to Escape
From the Russians.

Petrograd, Nov. 27.—If one may be-
lieve reports from unusually well in-
formed private source, the Germans
have met in Poland with the greatest
disaster that has befallen them since
the beginning of the war. Even ac-
cording to the laconic official com-
munications, their position is grave.

Just east of Lodz a large German
force is hemmed in by the Russians
on the line of Strykow, Brzeziny,
Kolus Kizagow and Tushin, and is
making the utmost efforts to fight
its way through to the north.

This force is believed to consist
of three army corps, including the
Prussian Guard. Already numbers of
Prussian Guards are being led as
prisoners through Warsaw.

The situation is curious. The Ger-
mans hoping they would be able to
strike a rapid blow before the Rus-
sians succeeded in concentrating,
broke through the Russian center.

Their objective was clearly the
Petrokow on the line between Czen-
stochowa and Warsaw, and they were
confident of establishing themselves
tight in the heart of the Russian
armies, and then disposing of them
piecemeal.

The position of the Russians seem-
ed very serious, and in the intricacies
of this maneuvering it was almost
impossible for the immediate partici-
pants to tell whether they were being
guided to a great victory or defeat.
The Russian troops fought with the
utmost stubbornness, inflicting blow
after blow at various points.

There came a day when somebody
was obviously surrounded, and some
Russian officers were inclined to be-
lieve that the Germans had actually
surrounded their forces, but the
significant strategy of the Russian
commanders triumphed in the end.

The Germans were caught in their
own net, hemmed in by Russians,
cut off from the other German corps
that are fighting a losing battle to the
east, near the Vistula, cut off from
their baggage trains and stores of am-
munition, the luckless Germans are
desperately attacking their captors in
the hope of forcing their way north-
ward to their base at Thorn or else re-
joining their comrades for a last ef-
fort.

London, Nov. 27.—Official news re-
ceived in London declares that the
rout of the German and Austrian
forces in Poland, has been complete.
The general staff, however, is not yet
able to give any details of this fight-
ing.

"It is now clear that the Russian
victory in Poland is decisive," says
the Petrograd correspondent of the
Express. "The number of prisoners is
estimated at 50,000."

"The Germans have begun a re-
treat along the entire front," the
correspondent continues, "and in
many places the fighting is a disor-
dered rout, marked by the abandon-
ment of artillery, maxims and trans-
ports."

SOCIAL AND PERSONAL DEGREES ARE CONFERRED HUNTING IS FORBIDDEN

Interesting News Notes About People of Old Dominion Commandery of Knights Templar, Officers at the Plains, Virginia.

The big social event of the Thanksgiving Holiday was the annual Commemorative Dinner of the Knights Templar, held at the Plains, Virginia, last night. Fifty members of Old Dominion Commandery, No. 1111, Knights Templar, left Alexandria in a special train for The Plains, Fauquier county, yesterday morning for the purpose of conferring the degrees upon the members of a new commandery which was established at that place yesterday afternoon. It will be known as the Piedmont Commandery. A banquet was tendered the visitors last night. It was a strictly Knights Templar party, the passengers and members of the train crew being members of the organization. Among the high officials of the grand commandery who were present on the occasion were J. Johnston Green of this city, grand captain general; James B. Blanks of Petersburg, grand recorder; H. K. Simpson, past grand commander of the District of Columbia; William B. McChesney, of Staunton, past grand commander; Charles T. Lindsey, of this city, past grand commander of the District of Columbia; and Rev. H. B. Lee, grand chaplain of the grand lodge of Virginia.

The following composed the team which conferred the degrees: Chester A. Gwinn, acting commander; C. W. Fletcher, generalissimo; W. N. Charles, captain general; Charles E. Outcault, senior warden; Charles Page Waller, junior warden; Henry K. Field prelate; Preston G. Cockey, swordbearer; N. E. Arnold, swordbearer; William Lewis Allen, warden; J. E. W. Timberman, first guard; B. J. Richards, second guard; J. Johnston Green, third guard; and G. W. Zachary, sentinel.

St. Mary's Catholic Church was the scene of a pretty wedding at 5:30 o'clock Wednesday evening, when Miss Mary Madeline Byrne, daughter of Mr. and Mrs. Joseph H. Byrne, became the bride of Mr. John Lee Donnelly, son of Mr. Walter M. Donnelly. The ceremony was performed by Rev. L. F. Kelly, assistant pastor, and was witnessed by a large gathering of relatives and friends. The church was decorated with white and yellow chrysanthemums and palms.

The bride was given in marriage by her father, and was attired in a gown of white tulle, ornamented with pearls and real lace. Her veil was caught with orange blossoms, while her flowers consisted of a shower bouquet of lilies of the valley and bride roses.

The bride was attended by Miss Lillian Hill, of Washington, and the bridegroom had for his best man, Thomas H. Clarke, of Washington. Miss Hill wore a gown of baby blue crepe de chine with gold lace and a large picture hat of black velvet. Her flowers were yellow chrysanthemums. Little Helen Gline, cousin of the bride, was flower girl, and wore a white frock of lace over canary messaline. The bride's mother wore a gown of wistaria champagne.

Ushers were John T. Hill and Ignatius Stoutenburg, of Washington; Bernard Mamoney, cousin of the bride, of Richmond; and Cornelius Hill, of Alexandria.

Following the wedding a reception was given the bridal party and immediate relatives at the home of the bride's parents, 1102 Prince street. Mr. and Mrs. Donnelly left for an extended northern bridal trip. After December 15, they will be at home at The Susquehanna, Washington.

Among the out of town guests attending were Miss Lucille Powers of Richmond; Miss Nora and Bernard Mahoney, of Richmond; Miss Ruth Key, of New York City; Major James Camby, U. S. M. C.; E. J. Donnelly, of the Adjutant General's Office, Washington; Thomas S. Pugh, Walter Vidor, E. L. Cave, Percy Moore, and William H. Skyles, of the Quartermaster's Office, Washington.

Mr. H. Barbour Beach and Miss Mamie L. Simpson, both of this city, were married Wednesday night at the parsonage of the Methodist Protestant Church, Rev. C. R. Strausburg officiating. Mr. and Mrs. Beach later gave a reception to their friends at 321 Alfred street. They were attended by Mr. and Mrs. Thomas Frazier of Washington. They will reside at 520 Queen street.

The Misses Anna and Naomi Schwarzmann delightfully entertained their friends Wednesday night at the Collingwood Club on the Potomac. Dancing and singing added much to the pleasure of the evening. There were many guests from distant cities.

Robert J. Humphrey, formerly of Baltimore, and Miss Edna O. Gay, a resident of this city, were married on July 6 last at Alexandria, by the Rev. C. R. Strausburg. The announcement of the marriage was made in last night's Baltimore.

The first dance of the season of the Alexandria German Club will be held tonight in the Elks Auditorium at half-past eight. A number of out-of-town guests are expected to be present.

Cut Glass and Glassware

Cut glass and glassware—above everything the glassware should be of good quality; nothing shows inferiority so plain and to such a disadvantage as the glassware. When the food or the drink is placed in glass every defect is immediately visible to the eye; by its perfect quality, stands resplendent in brilliancy and beauty.

Cut glass, from Olive Dishes at \$1.00 and up, and Fruit Dishes and Celery Trays at 1.95 and up, all the way to the Punch Bowls and the wine sets at much higher prices. Many beautiful cuttings and a particularly fine showing of the new floral effects.

Emphasis is placed upon the large number of pieces, wide variety of patterns, and superior quality of the glass at \$2.75, \$3.95, and \$5.00 the piece. Salt and Pepper shakers, Knife Rests Salt Dips, Toothpick Holders, Mustard Jars, and Vinegar Cruets in cut glass.

Open Stock Glassware, in complete services, including all kinds of Liquor glasses, in numerous fine patterns, from the plain stem and etched to the fine cut. We direct your attention to the beautiful showing in Gold Decorated Glass of this kind, which is now so popular with the hostess of style.

DEATH OF DR. PLEASANTS

Was Widely Known Throughout the State as Educator and Mason.

Roanoke, Va., Nov. 27.—Dr. William H. Pleasants for more than sixty years connected with Hollins College, died about midnight Wednesday night. He had been in declining health about a year, and during a greater part of that time had been confined to his room at Hollins. Funeral services will be in charge of the Masonic lodge with which Dr. Pleasants had been prominently associated for years. Death was due to a general breakdown coming with old age.

William H. Pleasants was probably the best known educator in Virginia during his time. He was born January 29 1831 at the ancestral home near Richmond.

Dr. Pleasants was a deep student of Masonry, and had held every office in the state Grand Lodge, serving two years as grand master. He was a member of Turner Lodge, at Hollins his home lodge, and an honorary member of Pleasants Lodge, No. 63, of Roanoke, which was named in his honor. He was honored with the LL. D. degree by Washington and Lee University in 1907.

THANKSGIVING TRAGEDY

Man Kills Mother-in-law and is Slain in Missouri.

Montgomery, Mo., Nov. 27.—Isaac Strickland, of Pinckneyville, Ill., came to Montgomery yesterday to observe Thanksgiving by killing his wife's entire family. He waylaid his mother-in-law, Mrs. Sallie Ryan, as she was on her way to the well and shot her dead with a shotgun. He then rushed to the house and was shot dead by Rex McHoney, another son-in-law of Mrs. Ryan, as he tried to climb through a window. The trouble started over a quarrel, which caused Mrs. Strickland to leave her husband and return to her mother.

STEAMER MIDDLESEX SINKS

Springs a Leak While on Trip to Fredericksburg—All Passengers Landed and Freight Taken Off

Fredericksburg, Va., Nov. 27.—On Monday night, after the steamer Middlesex of the Maryland, Delaware and Virginia Railway Company, arrived from Baltimore, the steamer sprung a leak caused by having struck an obstruction in the river near the wharf. The steamer was got on along side the wharf and all her freight was taken off the boat before it settled on the bottom. The steamer is now lying at its wharf with its machinery submerged.

The Middlesex at one time ran between Washington, Alexandria, and Baltimore. She is a sidewheel steamer.

BATTLESHIP ASHORE

Grounded in a Haze While Returning From Southern Drill Grounds to Hampton Roads.

Norfolk, Va., Nov. 27.—The battleship Michigan, which went ashore early yesterday near the lighthouse just off Cape Henry, was still aground tonight. The immense sea fighter was not believed to be in any immediate danger. Weather conditions are good. Several unsuccessful efforts were made by four naval tugs to float the Michigan. The tugs remained by the warship tonight. Three supply ships also are standing nearby.

Navy yard officials here said that the ship was resting on a sandy bottom.

The Michigan stuck at about 4 o'clock yesterday morning. The vessel was proceeding from the southern drill grounds to Hampton Roads with other warships of the Atlantic fleet.

TROUBLE IN JERUSALEM

Rome, Nov. 27.—Reports to hand from Jerusalem state that all British, French, and Russians in that city have been imprisoned and are being harshly treated. The opportunity has been taken by the Turkish soldiery to loot their houses. The Italian consul in Jerusalem has asked his government to send warships to Jaffa, as it is feared that anti-Christian riots and massacres may follow.

The Turkish authorities have shown reluctance to suppress the agitation, but the British of the neutral countries insisted that two soldiers who had shot a Greek church and murdered the priest should be subjected to exemplary punishment and the soldiers were accordingly hanged.

Four members of a Thanksgiving home going party were killed, and two others probably fatally injured near Bloomington, Ill., yesterday. When their automobile was struck by a Toledo, Peoria and Western Road passenger train.

FIRED ON U. S. TROOPS.

Mexican Bullets Whistled Over Heads of Americans.

Galveston, Tex., Nov. 27.—In spite of efforts to conceal the fact, it was admitted by officers of the Fifth brigade today that the rear guard was fired upon by Mexicans as it was covering the retreat of the main body at the evacuation of Vera Cruz.

Soldiers stated last night that the bullets from Mexican rifles whistled over their heads. It is understood that Gen. Funston will make a complete report to the War Department at once.

WRIT REFUSED AGAIN

Associate Justice Holmes of the United States Supreme Court, in an opinion rendered late Wednesday refused to grant the writ of error applied for by attorney's representing Leo M. Frank, of Atlanta, Ga., convicted of the murder of Mary Phagan, an employee of the factory. According to H. O. Alexander, one of Frank's attorneys, an effort will be made to have the petition passed upon by the Supreme Court as a whole when it convenes Monday.

Justice Holmes declares, in his ruling that he is bound by the supreme court of Georgia which decided that the motion to set aside came too late.

Ground to Death.

Danville, Va., Nov. 27.—Charles Sheridan, forty-five years old, was ground to death a few miles beyond Ruffin, N. C. on Wednesday by south-bound train No. 7. The victim, a section foreman, with the rest of his crew, was eating his noonday meal seated on the end of a cross tie. The whistle of the approaching train warned the gang, and they moved calling on Sheridan that the train was coming. Apparently, however, Sheridan had fallen asleep, and he got up in a dazed fashion and stepped immediately in the path of the fast moving train instead of to one side. No one was near enough to reach him in time, and he was terribly mangled. He leaves a wife and several children. He was a native of Ruffin.

Fatal Accident.

Richmond, Nov. 27.—J. H. Buckner of South Richmond, died Wednesday night at the Retreat for the Sick from injuries received shortly after 6 o'clock, when a through passenger train on the Southern Railway crashed into a buggy in which he was riding at the Hull Street crossing.

Did you know that each TWIST of PICNIC is the result of as much scientific knowledge, as much skill and care as a chemist employs in making a chemical analysis?

Not otherwise could every PICNIC TWIST give the same mild,

naturally sweet, long lasting chew, that you can keep on chewing without feeling you are overchewing.

No food product could be prepared in a more cleanly manner than the mild, mellow tobacco that goes into PICNIC TWIST.

MAINE HORROR.

Great Britain, which so far, has made a poor showing with her navy during the war with Germany, is now sorrowing over a distressing accident which has sent between seven and eight hundred men into eternity in the twinkling of an eye. The "Bulwark," one of her largest and most serviceable battleships, while lying peacefully in the Thames, yesterday was blown up. Only fourteen men out of the crew were saved. The concussion from this fearful explosion was like an earthquake, and buildings were shaken far and near, while pieces of the ill-fated ship were hurled miles away. The band on the vessel was discoursing music when the disaster occurred.

There is no telling at present what caused the terrible disaster. Some officials are inclined to believe it was due to an accident, while others shake their heads ominously as though the explosion was caused by enemies of England.

It was at first supposed a German submarine had crept over thirty miles up the Thames and destroyed the vessel. The point at which the disaster occurred is about thirty miles from London.

When the news reached the British metropolis, it caused the greatest alarm. It was soon stated, however, that no German destroyer had the temerity to enter the river leading to London, and that the vessel was destroyed in a manner similar to that which caused the destruction of the United States battleship Maine in the harbor of Havana in the early part of the year 1898.

This is one of a number of serious disasters which the British navy has suffered the past few months. It has naturally cast a gloom over the united kingdom.

BUY CHRISTMAS
PRESENTS NOW

In a month Christmas will be here, and if you who read this are wise you will go to the stores and begin buying Christmas presents now. Times have been a little hard, but they are much better than they were and are improving daily, and a boom will be here before we realize it. Wherefore do not hoard and do not cut down the number of your gifts. Instead it would be better to increase the number and give things to persons you have not favored in this manner before. Select those who have hard luck and send presents to them. This will be pleasing to all hands—it will gratify the one who receives, for he will feel that he has not been forgotten and he will have friends, and it will make the giver rejoice.

There are many stores in this city where Christmas gifts can be purchased. Many of the enterprising

proprietors of these places show their wisdom by advertising in the Gazette. Thus they reach a great class of folk who have money and are liberal with it. Before going out to buy gifts you should read these advertisements in the Gazette and they will suggest to you things that your friends and relatives will be glad to receive. As we said before, it is only a month to Christmas, and times flies and waits for no man. Therefore go to the stores this week and make your purchases, and avoid the hurrying crowds.

SECOND ROBBERY REPORTED.

House in Same Street With Sands
and Co. Burglarized.

On Tuesday night the store of Sands and Company, merchants, at the corner of Alfred and Gibson streets, was entered by burglars. A side door was prized open and a quantity of merchandise taken. Among the articles missing were 12 pairs of shoes 20 pair of pants 120 pounds of lard and a number of miscellaneous articles. The cash register was opened and some small change abstracted.

Another robbery in the same street took place last night. Milton Franklin, a railway man, who lives across the street from Sands and Company on Alfred street, lost \$50 in cash and a gold watch and chain. His house was entered by burglars during the night.

GARNER FILES REPORT

H. Noel Garner, special commissioner in the suit of Rudolph J. Eckman and others against the Emerson Steam Pump Co. filed his report in the corporation court today. The total assets, with the exception of real estate of the company are shown to be \$40,669.08. The liabilities are a \$200,000 bond issue and an indebtedness of \$25,212.19. The latter is largely owed to banks outside of Alexandria, who are protected by separate endorers of men connected with the company.

THE DAUGHTER OF THE HILLS

wonderful Picture to be Shown at
the Richmond Tonight.

The following is the synopsis of "The Daughter of the Hills" a wonderful moving picture to be shown at the Richmond theatre tonight.

Sergius, one of Nero's most powerful gladiators, goes into the country where in his travels he encounters Floria, a shepherdess with whom he falls in love. Floria makes Sergius her idol. But the vast divergent trait in their characters is disclosed, when one of Floria's lambs is wounded, causing her genuine misery, which completely mystifies Sergius. A little later Sergius marries Floria, and takes her to Rome. All is new and wonderful to simple shepherdess, but one day she follows Sergius and runs his sword through his opponent's body. The grim sight hits the gentle girl with complete revulsion, and at that moment all her love dies.

In fear and trembling, she runs home and crouches in a corner. When Sergius returns he tries to make her understand, but she cannot forgive him, and in the dead of night she escapes from the house and wanders away. Sergius sends his slaves to seek her but their quest fails and Sergius decides to a little later, Sergius marries Floria, search for her himself.

Floria takes refuge in the house of Paul the Apostle.

He listens to her story, but before the interview is terminated, Sergius arrives on the spot and brutally insults and threatens Paul. Paul attempts to overcome the savage instincts of the other, and after some thought advises Floria to return with her husband. Against her will, Floria obeys.

Sergius brings Floria home, and is about to beat her, when he sees a vision of the girl with the wounded lamb. On the instant, he seems to understand Floria's tender sympathy, his better nature awakens and that night he steals back to Paul's home where he finds the disciple preaching to the rabble, accentuating his speech with the rattle of his chains. The gladiator, impressed by Paul's gentle words, is regenerated. He returns home, and receives an edict from Nero ordering him to prepare for a gladiatorial fight. He realizes that if he disobeys the mandate he will be deprived of his power and wealth. He undergoes a terrible struggle with himself, and the next moment he breaks the sword across his knee, tears the pieces away, renouncing all material possessions for the love of his wife. The two, deprived of all but their faith and love, go back to the hills—and peace.

Every physician will warn you against the use of bichloride of mercury tablets, carbolic acid, and the rest of the poisons, as dangerous to have about the house, offensive in their odors; disagreeable in their staining and smearing properties.

DON'T run the risk of fatal accident, when

Tyree's Antiseptic Powder
is ABSOLUTELY SAFE; MORE convenient to use; and MORE SATISFACTORY in its results than ANY of the poisons.

TYREE'S ANTISEPTIC POWDER is a powerful germicide. A barrier against ALL infection. But it is a sweet, clean, purifying Antiseptic—that allays irritation; gives healthy invigoration to the weakened tissues and delicate membranes.

In the bath it removes all bodily odors, and is most refreshing. In the douche it cleanses and clarifies gently and effectively. When the feet ache and burn it will give immediate relief and continued comfort.

And above all, it is the ONLY SAFE ANTISEPTIC.

What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

D. D. D. In Hospitals; Standard Skin Cure

The many hospital patients suffering from the terrible itch, the raw, scorching pain of skin disease, have been relieved to sleep by a soothing fluid washed in by the famous D. D. D.
That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institution supplied) writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become enlarged. Since the use of D. D. D. her eyebrows are growing, her nose and lips have assumed their natural expression."

Now many eczema sufferers are paying for their cure with regular treatment and are being cured with this famous D. D. D. prescription.

writes "D. D. D. is superior to anything I have ever found. Soothing and soothing, yet a powerful agent."
To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

WARSHIP BUNTING

It Takes a Lot of Flags to Fit Out Uncle Sam's Navy.

USE COLORS OF ALL NATIONS.

Each of the Big Ve gets Carries About Five Hundred Ensigns of Various Kinds and Sizes—Severe Tests to Which the Material is Subjected.

Something like \$30,000 a year is required to keep Uncle Sam's many naval vessels properly equipped with flags. In addition most every other department of the government appropriates various sums for flags for buildings and ships under its control. In all, it is safe to say the United States spends \$125,000 a year for flags.

The largest factory belongs to the navy. In a large room, called the "flag loft," at Brooklyn navy yard a hundred skilled needlewomen and quite a few men are kept constantly at work. Officially it is the naval flag making establishment.

Thousands of flags are required to supply the hundreds of vessels, from battleships to launches. On entering the flag loft the visitor's first impression is a blaze of color. Rolls of bright bunting are heaped everywhere. Long lines of electrically driven sewing machines, with women operators, are reeling off and putting the finishing touches to American and foreign ensigns of many different hues and sizes. In addition to our own flag, the navy has to keep a supply of every other nation in the world which has a coast line.

Each battleship, cruiser, gunboat or scout in the navy requires about 500 flags to outfit its flag locker properly. Heaped up, they make a pile shoulder high and twenty or twenty-five feet long. The foreign flags, incased in canvas bags, bear the name of the country stenciled on the end. The remainder, including flags for ordinary use, signaling, etc., are wrapped without bags and numbered at the end. Each flag has its separate place in the flag locker. A quartermaster would be rebuked severely if one became misplaced. Each ship follows the same order in this, so that any one familiar with the flag locker on one ship knows the location of every flag on any ship. Uncle Sam pays about \$3,500 to outfit each ship in the service. This multiplied by the number of ships will show that flags are not an inconsequential item of naval expense. The foreign ensigns are all made twenty-five feet long and thirteen feet wide. They are used whenever an American warship enters a port of another nation. The flag of the visited nation is hoisted at the top of the foremast while the American ship salutes. It is also hoisted when returning salutes of foreign vessels in American ports.

The most showy and expensive flags in the lot are those of foreign nations, although the United States has two flags that are close rivals, the flags of the president and vice president. They require the longest time to make of any flags. It takes one woman a month to finish each one. The president's flag is a blue ground with the coat of arms of the United States in the center. The life sized eagle with outstretched wings and other emblems are all hand embroidered in silk. The silk used costs \$9 a pound. The vice president's flag is the coat of arms on a field of white. Both flags are made in two sizes, 10 by 14 feet and 5 by 5 feet. The larger is used on ships and the smaller on launches and similar craft. The largest flag made is the United States ensign No. 1, which is 36 by 10 feet. It costs \$40.

The bunting used in flag making is put to severe tests before the flag makers use it. One day a sample bundle is washed in soap and water. The next day the same process is followed with salt water. It is then exposed to the weather for ten days, thirty hours of which must be in the bright sun. If it doesn't fade in that test the government experts pass it. Then two inches wide of the warp is subject to a pulling strain of fifty-five pounds. Even with all those precautions a ship is allowed a new set of flags every three years, while the signal flags and ship and boat ensigns in frequent use must be replaced every few weeks.

One flag or pennant, rather, most used by the navy and least known to the public is the commission pennant. It is hoisted to the masthead of every naval vessel when it goes into commission and is never removed. It is a long, narrow streamer, blue at the staff, with thirteen stars in the field, arranged in one line, and the flag divided into two stripes, red and white, the red at the top. When ships leave for foreign stations leave for home a new commission pennant is always hoisted. Usually it is one made and paid for by the crew. In some cases those "homeward bounders" stretch out 300 feet and, made of silk, cost a pretty penny.

The thousands of white stars used in our own and many other ensigns are made by an electrically driven machine which cuts them in fifty or a hundred lots. Eight different sizes of stars are used.—Kansas City Star.

Superfluity.
"You never admit having made a mistake?"
"What's the use?" asked Senator Sorghum. "When I make a mistake there are always plenty of people to talk about it without my joining in."—Washington Star.

There is no greater grief than in misery to turn our thoughts back to happier times.—Dante.

Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

EARTHQUAKE SHOCKS FELT

Georgetown University Observers Place Disturbance in United States.

Washington, Nov. 27.—Earthquake shocks were recorded yesterday on the seismograph of Georgetown University, beginning at 7:30 a. m. and continuing on and off minutes. The cause of the disturbance was calculated by the observers to be within the United States.

Cambridge, Mass., Nov. 25.—Two earth shocks were recorded on the seismograph at Harvard College yesterday, the first at 7:11 a. m. and the second at 7:17. The origin of the earthquake was estimated at 2,470 miles from Cambridge. The distance curve skirted the coast of Southwestern California and passed through the Bay of Panama according to Prof. J. B. Woodworth, of the seismograph station.

Mobile, Ala., Nov. 25.—The seismograph at Spring Hill College near this city recorded a slight earth shock yesterday at 6:17 a. m. The disturbance was calculated by the observer to be central within a radius of 500 miles from Mobile.

JAPAN AND THE U. S.

Secretary of Embassy Emphatically Denies Certain Reports.

"All this talk that Japan is seeking to take advantage of the present war to press any question pending between Japan and the United States is false."

This was the emphatic statement made yesterday by Tamekichi Ohta, one of the secretaries of the Japanese Embassy. He was inspired to make it, he explained because statements in various parts of the country that the Japanese government intends to press to a speedy conclusion the controversy existing over the alien land laws of California.

Mr. Ohta resented the insinuation that Japan, now the ally of England in the European war, might attempt to use its new position to force a crisis with the United States, using England to aid in pressing the issue. "There is no justification whatever for reports of this character," said the Japanese secretary. "I do not undertake to say what influences may be behind them, but whatever they are, they are seeking to create wrong impressions. I do not hesitate to denounce them as malicious falsehoods."

ONLY SURE CORN CURE EVER KNOWN.

"GETS-IT" the New Way, 2 Drops do it.

To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new plan corn cure.

"GETS-IT" is the first one ever known to remove corns without pain, without cutting, and without trouble. This is why it is the biggest-selling corn cure in existence today. It is now used by millions, because it does away with sticky tape, with plasters and cotton rings that shift their position and press down onto the corn, with knives that "raw up" the toe, with "harnesses" that cause pressure and pain, with knives, razors and files, clawing and pulling at a corn.

"GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shrivels, vanishes. Accept no substitute. Try it on any corn, wart, callus, or bunion tonight. "GETS-IT" is sold by druggists everywhere, 25c. a bottle, or sent direct by E. Lawrence and Company, Chicago.

GALICIAN HORROR

Russian Girl Said to Have Been Crucified in War Swept Zone Lemberg, Galicia, Nov. 27.—A committee appointed to investigate conditions in Galicia reports that there have been wholesale murders, executions, and excesses of every description in war-swept Galicia. Thousands of starving and homeless families give evidence of these conditions.

Most of these outrages are said by the committee to have been committed by Hungarians. It is stated that Cosacko who were pursuing a detachment of Hungarians found the body of one Russian girl who had been crucified. It is also alleged that in one field hospital five persons, horribly mutilated, were received. The committee reports that all these facts have been authenticated.

The alarm of fire this afternoon was caused by a slight blaze in the store of A. L. Cohen, 418 King street. It was soon extinguished.

Girl With Appendicitis Weds.

Hackensack, N. J., Nov. 27.—Emma Paschke refused to put off her wedding despite the fact that she was suffering from appendicitis.

The young woman was dressed and remained up long enough to be married to August Spachman, of the Bronx.

The bride was removed to the Hackensack Hospital yesterday and underwent the operation the bridegroom anxiously awaiting word from the physicians.

During the afternoon he was told that the operation was successful.

SHIP LOST IN SNOWSTORM

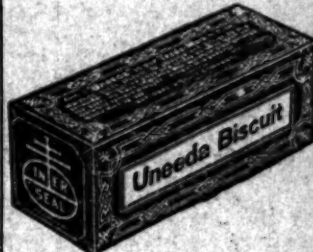

Steamer Hendonhall Goes On Rocks in Trinity Bay.

Quebec, Nov. 27.—Word was received here today that the steamship Hendonhall from Avonmouth for Montreal went on the rocks in Trinity Bay during a severe snowstorm that swept the lower St. Lawrence on Saturday. The vessel is believed to be a total loss. The crew was saved.

The Hendonhall was a vessel of 3,394 tons gross register, 345 feet long, with a beam of 47 feet and a depth of 19 feet. She was built in 1901 and was owned by the West Hartlepool Steam Navigation Company.

TO EXCLUDE BELLIGERENTS

South American Nations Will Co-Operate to Keep Water Free of Boats of Warring Nations.

Washington, Nov. 27.—The United States government has been asked by the principal nations of South America to co-operate with them in negotiations with the belligerent powers of Europe to bring about exclusion of all belligerent warships from the water of the two Americas and to safeguard the trade of Pan-American countries with each other.

Lima, Peru, Nov. 27.—The Peruvian cruiser Coronel Bolognesi has been assigned to patrol the coast of Peru in order that the neutrality of the country be preserved. Another cruiser will sail to-day to do scout duty along the southern coast. Both cruisers are under orders to protect British steamers, by force, if necessary. As a result of this action by the government, steamships will renew their voyages immediately.

RAIN PUTS OUT FOREST FIRES.

Much Damage in Arkansas, Oklahoma and Louisiana.

Little Rock, Ark., Nov. 27.—Rain that began falling in southwestern Arkansas, portions of Oklahoma and Louisiana has checked the vast forest fires that prevailed in those districts. Yesterday it was believed the greatest danger from the fires, except around Little Rock was over. Here, however, the greatest apprehension for the safety of the city prevailed. The fires in this vicinity had approached to within four miles of the business district today. Citizen patrols covered the residence district, alert lest some wind driven spark kindle a disastrous fire.

River traffic at Helena still is endangered by the smoke which overhangs the stream.

Small fires have been reported in the United States forest reserve of 8,000 acres in Boone, Camel, Newton and Madison counties. Rangers, however, extinguished the flames.

In the lumber regions of Arkansas, southwestern Oklahoma and Northwestern Louisiana thousands of farmers have lost fences and outbuildings, while many miles of telegraph and telephone wires have been put out of commission through the burning of poles.

State Has Balance of \$862,774.27.

Richmond, Nov. 27.—There was a balance in the treasury of Virginia on October 1, 1914 of \$862,774.27, an increase over October, 1913, according to the report of State Treasurer Haiman, submitted to Governor Stuart yesterday.

PERLIN GUARDS BREAD SUPPLY

Official Decree Warns Against Waste of Wheat Flour.

Berlin via The Hague and London, Nov. 27.—A decree has been issued for the city of Berlin and the province of Brandenburg, which sets forth that it is the duty of everybody to supervise with care the use of wheat flour.

Bakeries, hotels and restaurants using wheat flour must finish their baking before 2 P. M. every day and they may not begin preparations for baking previous to 8 P. M.

Wheat bread may not be placed freely at the disposal of guests in inn cafes and restaurants.

Climate Rained: Medicine Effective

Sufferers from tuberculosis often think that medicine will not help them. Fresh air, regular habits and good food aid in restoring health, but more is often needed. Many have been restored to health by Beckman's Alternative.

Beckman's Alternative, a most effective, non-toxic, non-habit-forming, and non-painful remedy for tuberculosis, is sold by all druggists. It is a most effective remedy for tuberculosis, and is sold by all druggists. It is a most effective remedy for tuberculosis, and is sold by all druggists.

SALE OF PROPERTY FOR NON-PAYMENT OF TAXES

Under the following resolution passed by the City Council Tuesday, October 13, 1914, I will sell at public auction on Monday, December 7, 1914 in front of the Market Building, Royal Street, Alexandria, Va., the following: **LOTS AND IMPROVEMENTS**

thereon, or as much thereof as may be necessary to pay and satisfy the taxes, assessments, or charges due to the City of Alexandria on the same.

Resolved, That the Collector of Taxes be and is hereby directed to proceed and sell at public auction all real estate in the City of Alexandria on which taxes are due and unpaid to June 1, 1914 in conformity to the City Charter and Laws relating to the same and sale to commence Monday, December 7, 1914 at 10 o'clock, A. M., and continue from time to time and from day to day until all such real estate is sold.

The purchaser will be required to pay, at time of sale, the taxes, assessments charges and expenses of sale. The proprietor or proprietors of such lots, his or their heirs, representatives or agents, may within two years from date of sale pay to the purchaser thereof, or to the City Treasurer, the money paid for such taxes charges and expenses as aforesaid, with six per cent per annum as interest thereon, or make a tender of the same in which event he shall be reinstated in his original title.

The sale will commence at 10 o'clock A. M., on the day specified, and if not completed on this day will be continued from day to day and from time to time until completed.

P. F. GORMAN,
Collector of taxes.
